

**USER AGREEMENT
FOR SCHOOL EQUIPMENT**

Paul Laurence Dunbar High School is pleased to offer students the at-home use of graphing calculators, digital cameras, and other equipment. Students must obtain parental permission and must sign and return this permission form to the Library.

Students are responsible for using school equipment at home with care, just as they are in a classroom. The equipment is provided for students to assist them in their academic work. Access to the equipment is given to students who agree to use it in a considerate and responsible manner. Parent permission is required. Home use is a privilege; not a right. Home use entails responsibility.

Individual users of school equipment are responsible for this equipment while in their possession. The equipment will be returned in a timely fashion and in the same condition as when checked out, normal wear and tear excepted. It is presumed that users will comply with district and school standards and will honor the agreements they have signed.

Misuse of school equipment while at school or at home may result in loss of future use, as well as other disciplinary or legal action. In addition, the student/parent shall be held financially responsible should the equipment be lost or damaged.
